How to Open Your Xanedu CoursePack in iTunes with Macintosh Safari

1. Make sure you have downloaded the latest version of iTunes (iTunes 10).

2. When you click on the link to your CoursePack, Safari will add it to your Downloads folder.

3. Find your CoursePack in the Downloads folder and right-click on it.

4. Select “Open With” and then “Other.”

5. Choose iTunes when the screen prompts you to select an application. Click “Open.”

6. iTunes will open and your CoursePack will appear in the “Books” section.
