Language of Instruction: All courses are taught in English.

Language requirement: All exchange students must be proficient in English. (TOEFL is required if medium of instruction at tertiary level is not in English.)

Language courses: No.

Academic/Experience Requirements:
(1) A bachelor’s degree; and

(2) At least two years’ management, professional or other relevant experience (after graduating with a Bachelor’s degree) at the time of exchange.

Full-time Workload: Exchange students may offer up to a maximum of FOUR full courses, totalling 156 contact hours per trimester*.
We offer:
(a) full courses, which entail 12 weekly seminars of 3.25 hours duration, and a written examination in the 13th week (total 39 class contact hours); and
(b) half courses, which entail 6 weekly seminars of 3.25 hours duration, and a written examination in the 7th week (total 19.5 class contact hours).

One full course is equivalent to 2 half courses. Some subjects do not have final examinations but are 100% assessed on coursework.

Learning Expectations: Classes are conducted in a seminar style. The average class size is 30.
Assessment is based on a combination of methods which may include:
(a) Group Presentation and Report
(b) Project
(c) Class Participation
(d) Mid-Term Assessment
(e) Final Examination
The weightage given for each method of assessment varies for different courses. The total weightage will be 100%.

Grading: Grades assigned based on the following:
A= Excellent
B= Very Good
C= Good
D= Satisfactory
F= Fail
W= Withdrawn
X= Absent
AT= By Attendance Only

Exams: The final exam will be held on the last week of the trimester (week 13) for a full course or the sixth or seventh week of the trimester (week 6 or 7) for a half course.
Exams can be written or in the form of a project. Exchange students participate in exams and projects just as our full-time MBA students.

The HIV and TB medical tests must be done at the NTU Medical Centre at a fee of S$30. The issuing of the Student’s Pass to exchange students, by the Immigration & Checkpoint Authority, is subject to the passing of the HIV and TB medical tests. Exchange students who fail any of the above medical examinations will not be admitted and will be repatriated to their home country at their own cost.

Facilities:

To accomplish the mission of providing top quality business and management education, Nanyang Business School (NBS) has put in place the following facilities and e-learning infrastructure, all of which contribute to creating a world-class learning environment.

**NTU Executive Centre**
Conveniently located at Orchard Road, the NTU Executive Centre makes it easy for busy professionals working in the business and commercial districts to obtain MBA and executive training.

**Financial Trading Room**
The Financial Trading Room features cutting-edge hardware and software, including live market data feed from Reuters, to support teaching and research in financial engineering and high-tech finance. The E-Commerce Laboratory is designed to facilitate teaching and research in e-commerce. This advanced facility is fully equipped with peripheral devices and systems to support an extensive database and multimedia application platform, including videoconferencing.

**Education Online**
Many MBA courses now use edveNTUre, part of the University’s initiative in e-learning. As the online courseware delivery platform, it enables instructors and participants to create an online community of learning, interaction and collaboration. Listings of course materials, communication, discussions, announcements, assessments and submission of project work or assignments can be done online.

**New Graduate Wing**
This is a dedicated facility for MBA participants. There are ten custom-built seminar
rooms with U-shaped seating for optimum class interaction, featuring an indoor environment control console at the instructor’s desk for climatic attenuation. Discussion rooms, seminar rooms and computer facilities incorporating the latest software and hardware are available 24 hours everyday. A dedicated MBA lounge provides a setting for more casual and relaxed interaction.

**High-Tech Campus**

Nanyang Technological University is the first in Asia-Pacific to successfully implement a campus-wide wireless infrastructure with over 430 wireless base stations spread over 200 hectares. This state-of-the-art system is accessible to any member of the university with a portable computer and a wireless card. The campus also boasts a high-performance, campus-wide computer network, NTUnet, which links together all the computing systems within the grounds of the university. Over 14,000 PCs and workstations are part of the network, which is connected via high-speed links to both overseas Internet resources and local broadband SingaporeOne network.

**NTU Library**

The Nanyang Technological University Library was set up in August 1981 and it now comprises 3 component libraries, namely, Lee Wee Nam Library, Library 2 and Media Resource Library. The huge library houses an amazing collection of some 430,000 volumes.

Library users also have access to an extensive range of business information resources such as Bloomberg, Dow Jones, Reuters, I/B/E/S, Datastream, the Economist Intelligence Unit, LEXIS-NEXIS and some 100 other databases, as well as thousands of electronic journals from established publishers.

**Sports and Recreational Facilities**

The University pursues a ‘Sports for All’ philosophy. Being equipped with some of the best sporting facilities that can be found in a local tertiary institution, there are numerous sporting activities going on almost everyday. Catering to various talents and interests, these activities offer another avenue for the students to enrich their experience at the University and to meet a wider range of people.

**Indoor facilities**
- Multi-Purpose Sports Halls (including badminton courts)
- Activity Rooms
- Table Tennis Room
- Squash Courts
- Gymnasiums

**Outdoor facilities**
- Bouldering Wall (besides Hall of Residence 6)
- Multi-Purpose Field
- Soccer Field
- 8-Lane, 400-metre Running Track
- Basketball Courts
- Volleyball Court (besides Hall of Residence 2)
- Volleyball-cum-street soccer Court (besides Hall of Residence 2)
- Sepak Takraw Courts
- Multi-Purpose Court
- Netball Court
- Tennis Courts

**Aquatic facilities**
