**Facts, Dates & Deadlines**

*Note: Deadline dates are approximate and may be subject to change*

**TERM DATES:** Late February – End June

**EXPECTED ARRIVAL DATE:** Mid February

**ORIENTATION PROGRAM:** Late February

**EXCHANGE APPLICATION DEADLINE:** Mid November

**HOUSING OPTIONS/DEADLINE:** Sciences Po does not offer on-campus student housing. International students are offered help in arranging accommodation through Sciences Po’s list of contacts, and assistance with procedural matters is provided where required. Students have access to the housing service at logement@international.sciences-po.fr

**PROGRAM DESCRIPTION:**

*Business and European Integration (BEI)* is a tightly focused undergraduate Management program taught over one semester in English and offered exclusively to students from partner universities of Sciences Po. The program combines specially tailored courses and opportunities to participate in Science Po’s general undergraduate program. The venue is Sciences Po’s prestigious urban campus in the historical Saint-Germain neighborhood, located in the heart of Paris.

**LANGUAGE OF INSTRUCTION:** English, must take one French language course

**COURSE DESCRIPTIONS:** The BEI program is built around 4 blocks. Students take the following program:

1. **The European business environment** 3 credits
2. **International management in European context** 6 credits
   
   Students must choose 3 of the 4 courses in block 2.
   - International finance – Stern students cannot take this class
   - International business
   - Organizational behavior
   - International marketing
3. **French program** 3 credits
   
   Specific class dependent on placement exam. Students with no prior French will take introductory course.
4. **Elective courses:** 4 credits
   
   All students must attend two courses chosen among those on offer at Sciences Po.

**FACILITIES & STUDENT SERVICES AVAILABLE:** Students are treated as full-time Sciences Po students and have access to all facilities, including computer facilities, a personal e-mail address, full use of the library, access to the housing advisor, and access to the careers and placement department. They are also eligible for internships on request. They may take part in student organizations, and are encouraged to take advantage of all aspects of life at Sciences Po.
