ABOUT YONSEI UNIVERSITY:
As the oldest university in Korea, Yonsei University traces its roots back to April 10, 1885, when, by Royal Decree, King Kojong opened the first modern hospital, the Kwanghoewon. In March 1886, the Kwanghoewon accepted 16 students to be trained as Korea's first modern medical doctors. Yonsei University was established in 1957 when Yonsei University and the Severance Union Medical College and Hospital were formally united, and the new institution was renamed as Yonsei University, derived from the first two syllables of the two institutions. Yonsei is particularly fortunate to have a spacious, quiet, and well-wooded campus located just 20 minutes away from the economic, political, and cultural centers of the Seoul metropolitan area. It has 18 graduate schools, 19 colleges, and 111 subsidiary institutions. With its student body comprised of the top 1 percent of high school graduates in Korea, Yonsei University is proud of its long history as the leading institution of higher education in Korea, as well as of its reputation as the most international university in Korea. The University has over 36,000 undergraduate students and over 1,500 full time faculty members.

Note: Dates are approximate and may be subject to change
