Free credits are only applicable in the last term of study for up to three credits beyond the 60 required for the MBA. All program requirements must be met without using the free credits. The credit maximum of 9 credits per term applies and thus a student cannot request an acceleration to take a free course. Add/drop dates apply. Free credits *will* be included in calculating grade point average. Non-Stern and IMP courses are applicable to this policy. Please note that if you have fewer 6 credits to graduate, the credits attached to the free class will not assist you in attaining Federal Stafford loan funds and certain private loans for your last semester.
